#### Go in Order

- You get 4 throws per turn.
- You must go in order from the SQUARE to the TRIANGLE to the RECTANGLE to the CIRCLE
- If you go out of order those points don't count.
- Add up your points per turn.
- Add up all your turns to see who has the most points per game.

#### Go for any Hole

- You get 4 throws per turn.
- Throw for any hole you wish.
- Add up your points per turn.
- Add up all your turns to see who has the most points per game.

#### Avoid the Hole

- You get 4 throws per turn.
- Throw at any numbered box to get those points.
- The bag must remain on the board to score points.
- If a bag goes through a hole, you get no points for that toss.
- If your bag is on two different numbered boxes at the same time you get the higher points.
- Add up all your turns to see who has the most points per game.

- \* SQUARE = 2 points
- \* TRIANGLE = 4 points
- \* RECTANGLE = 7 points
